**Student Gap \$25.00 with valid student card** – larger gaps apply for procedures, iron infusions and musculoskeletal consultations.

**Please note that the above fees relate to general medical consultations. Additional or alternative fees apply for certain types of consultations or procedures.**

**Our aim, whenever possible, is to bulk bill regular patients of the practice who have a current Medicare card AND a valid Centrelink Health Care Card, Centrelink Pension Card, or who are children UNDER 16 years of age for general consultations.**

**Please note that we do NOT bulk bill appointments on Saturdays or evenings. Consultation fees will apply for all patients at these times.**

**We do charge a theatre fee and a gap for all excisions. Further fees apply for all procedures, iron infusions and musculoskeletal consultations. Please discuss the fees with your doctor.**

**By law, we are unable to bulk bill services for which additional fees pay apply (for example. Wound management, dressings). All patients will need to pay their accounts in full for these services and claim the rebate from Medicare.**

**Please note that some services are not covered by Medicare and, as such, do not attract a Medicare Rebate. ALL patients will be required to pay in full for such services.**

**All queries about patient billing will be referred to the consulting doctor.**
